CAS: fyl. How about that; Bill Allen going out to work on the house with Rocky. I don't know if we can help Bob on the "charlie's will" problem, but we ought to try. When you get up there you should offer to help. oscar

hi boss, glad your back safely. thanks for the info on cas coming early, i'll use that to stir the crew up. they are really doing great, bill comes out quite often and dave works every day. i think the house will really look good with the grey and navy. i'll bet the airline races were good, i thought about going down but i'm more interested in the house and i'm having to deal with some problems that have come up from charlie's will. i'm having to protect his widow from his children and see to it that we don't have a problem with our liquor license. pretty much have it all under control. well i'll report tomorrow and i'll find out why rocky can't get the pictures to you. my best, bob
